Dear RYAN THEILE:

Congratulations! Your application to become a Registered GenFlex Contractor has been approved for the system(s) listed below. We welcome you as a member of the select group of contractors authorized by GenFlex to install our warranted systems for the following material type(s):

GF Registered EPDM Roofing
GF Registered TPO Roofing

Please note the following:

- 1 Your GenFlex Registration license number is listed at the top of this letter. This number is important, and will be used whenever you are corresponding with GenFlex.
- 2 You will receive a separate notification containing information for registration to enter a Pre-Installation Notice (PIN).
- 3 Visit the GenFlex website to view and download the most up to date product, technical and installation information and details, gain access to the newest technical applications, as well as order literature and samples.
- 4 While at the GenFlex website, please sign up for E-Bulletins. These bulletins communicate the latest Technical, New Product, Marketing, and Warranty information and policies to our contractors.

For any questions you have regarding your account please contact your GenFlex Territory Sales Manager or Representative:
